Department of Transportation

Memorandum

To: Julie Kirkpatrick - Town of Castle Rock

From: Aaron Eyl - CDOT

Date: March 17th, 2025

Subject: Canyons Far South Filing 1- CD24-0011

CDOT is currently reviewing the Construction Plans for Canyons Far South - Founders Parkway (CD24-0013) and Plats (PL24-0003; PL24-0004) for this location. Founders Parkway is SH 86/CDOT ROW.

Any work within or adjacent to CDOT ROW will need to be reviewed by our office. It is my understanding that the appropriate documents are being reviewed.

Please keep in mind that having multipool referrals of the same location going on at the same time can cause confusion with our reviewers. When providing construction plans, please only provide plans for the work in the CDOT ROW and the close vicinity/tie-ins to any intersection.

Acknowledged. We will continue to coordinate with CDOT throughout the CD review process.
