Questions

To whom it may concern

I would like to know if I can run my business which is a landscaping company from here. I would also like to use it as a dumpster where people can go and dump their trash here. I would also like to store my trucks and trailers here. I would like to also know what your requirements are for water and sewer due to it being by the railroad I want to know if there is any issues with this. What other issues or development requirements should I be aware of.

Thank you
