

Game Show All-Stars – Business Description for City Application

Game Show All-Stars is an interactive, live game-show entertainment venue featuring two fully designed arenas, each hosting 6–25 guests per hour. Total hourly occupancy ranges from 14 to 29 individuals, including four on-site employees. We will offer eight game sessions per arena per day (16 total).

Each arena includes a large projector screen, illuminated player podiums, LED lighting effects, game-show buzzers, and open floor space to ensure visibility, safety, and an efficient guest experience. The arenas are designed to resemble a professional television game-show studio while maintaining clear walkways and staff supervision points.

This will be our second brick-and-mortar entertainment business. We currently own and operate ClueClock Escape Room in Castle Pines, Colorado. Game Show All-Stars brings a new, family-friendly entertainment option to downtown Castle Rock while continuing our commitment to safe, well-managed, immersive attractions.
