BACKGROUND

Councilman Loban is a Colorado Native and an eight-year resident of Castle Rock. Seven of those years have been spent in The Meadows. He and his wife, Shawna, are raising five children in District 1, and they are active members of 4H, intramural sports, dance and much more.

Jess is a veteran of the Army and Air Force. He was injured in the line of duty and was honorably discharged from service after nine 1/2 years of dedication to our Country. Jess started his career in engineering as the configuration manager of our nation's Ballistic Missile Early Warning System. Jess was selected to join NASA to support the International Space Station. He later returned to Colorado and served as an operations manager for the Air Force's Air Operations Center Weapon System integrator program. Jess is now focused on small business and established Spartan Thought Inc., a systems engineering and solutions architecture firm with a diverse set of clients across the nation.

Jess is a devoted Christian conservative. He has been an active participant in State, County and Town government for many years. He has been a fierce advocate of children facing special needs in our schools; protection of life, individual rights, and freedom of religion; reduction of the size of government; and protection of our Second Amendment rights. He has also stood strongly for freedom in education for Colorado. Jess is dedicated to finding innovative solutions for our community, and he is honored to serve on Castle Rock Town Council for District 1.
