ANNEXATION AND DEVELOPMENT CONTRACT

(FAITH LUTHERAN CHURCH ANNEXATION)

THIS AGREEMENT made this 17th day of April,
19 86, by and between THE TOWN OF CASTLE ROCK, a Colorado
municipal corporation, 318 Fourth Street, Castle Rock, CO
80104, hereinafter sometimes referred to as "TOWN",
and The American Lutheran Church, a Minnesota corporation,
422 South Fifth Street, Minneapolis, Minnesota 55415,

hereinafter sometimes referred to as "DEVELOPER", is as
follows:

WITNESSETH:

WHEREAS, DEVELOPER desires to annex and develop certain
lands within the TOWN of Castle Rock, to be known as
Faith Lutheran Church Annexation,
more particularly described in Exhibit "A", (hereinafter
"THE LAND" or "LAND") attached hereto and made a part hereof;
and

WHEREAS, the TOWN desires and is willing to allow the
annexation and development of such LAND in accordance with
the agreements and conditions hereinafter set forth; and

WHEREAS, the parties hereto desire to set forth the
respective duties and responsibilities of each with respect
to the annexation and development of THE LAND;

NOW THEREFORE, in consideration of the mutual promises
herein contained, the parties agree as follows:

SECTION II

ANNEXATION PREMISES

2.1 CONTIGUITY DEVELOPER warrants to the TOWN that the LAND is contiguous, or can be lawfully brought into contiguity with the TOWN, and that all other further elements and conditions necessary for annexation have been met.

2.2 AUTHORITY DEVELOPER further warrants that it has full ownership or control over the LAND and has full authority and power to enter into the within Agreement. In support thereof, DEVELOPER submits with its annexation petition, either a title commitment or an ownership and encumbrance certificate to the LAND.

SECTION III

DEFINITIONS

3.1 ADMINISTRATIVE PROJECT AREA The "ADMINISTRATIVE PROJECT AREA" shall mean a geographical area which has been agreed upon by TOWN and DEVELOPER as an appropriate area or phase for determining the amount of surety, if any, to be required to insure the completion of public improvements. ADMINISTRATIVE PROJECT AREAS may include all or any part of one or more areas described in any plat or site plan.

3.2 APPROVING DOCUMENTS "APPROVING DOCUMENTS" shall mean and refer to those documents set forth in Section IV of this contract.

3.3 DEVELOPMENT CONTROL "DEVELOPMENT CONTROL" shall mean the comprehensive supervision of construction of

8607709 - 05/20/86 16:01 - RETA
80641 - P0040 -

all IMPROVEMENTS within an ADMINISTRATIVE PROJECT AREA as such supervision is necessary to insure conformity and compliance with the provisions of this contract, the Planned Unit Development Ordinance and Preliminary Site Plan adopted and approved contemporaneously with this contract, together with all subsequent approved Final Plats, Final Site Plans and modifications. DEVELOPMENT CONTROL shall be exercised by DEVELOPER, its Successors, Representatives, Designees, Agents and Assigns.

3.4 OVERSIZING "OVERSIZING" is that difference between the dimension or capacity reasonably required in any PUBLIC IMPROVEMENTS for the needs of the LAND to be served and that additional dimension or capacity which is required by TOWN.

3.5 PUBLIC IMPROVEMENTS "PUBLIC IMPROVEMENTS" shall mean streets and street striping, curbs, gutters, sidewalks, bike paths, bridges, culverts, drainage structures, water and sewer mains, transmission and service lines, manholes, fire hydrants, sewage lift stations, non-electric traffic and street signs, street lighting and such other improvements which are to be built by the DEVELOPER and dedicated to TOWN.

3.6 REQUIRED PRIVATE AMENITIES "REQUIRED PRIVATE AMENITIES" shall mean those private improvements built by the Developer and required by the TOWN as a condition of

final plat or site approval and which are utilized as an offset in behalf of the DEVELOPER against necessary public land dedication or as a credit against fees owed.

3.7 WARRANTY "WARRANTY" shall mean the express promise made by the DEVELOPER that such PUBLIC IMPROVEMENTS are and shall be free from defective materials and workmanship. The warranty period for streets, sidewalks, curbs, gutters and bikepaths, shall be two (2) years and all other PUBLIC IMPROVEMENTS shall be for a period of one (1) year from and after the date of their initial acceptance by TOWN (as used herein the term "initial acceptance" shall mean that acceptance by TOWN which will commence the one or two year warranty period). The WARRANTY extended by DEVELOPER shall be the exclusive WARRANTY with respect to PUBLIC IMPROVEMENTS constructed hereunder and shall be in lieu of all other warranties thereon, express or implied.

3.8 WET WATER "WET WATER" is defined as actual raw water available to the TOWN which is reasonably capable of treatment to State Health Department potable standards and which is further available for delivery to the TOWN's water system.

SECTION IV

APPROVING DOCUMENTS

4.1 DOCUMENTS Concurrently with the execution of this Agreement, the TOWN is approving the following:

8607709 - 05/20/86 16:01 - RET. A. CRAIN DOUGLAS CO. COLO. CLERK & RECORDER 10/1
B0641 - P0042 - \$123.00

- (a) Ordinance No. 86-09 annexing the lands described in Exhibit "A" hereto;
- (b) Resolution No. 86-12, A resolution approving the execution of this Contract;
- (c) Ordinance No. 86-10, the Planned Unit Development Ordinance;
- (d) Preliminary Site Plan, dated 2-14-1986; revised 5-5-1986.

4.2 COLLECTIVE TITLE All of the above documents shall be collectively referred to herein as the APPROVING DOCUMENTS.

SECTION V

GENERAL

TOWN OBLIGATIONS

5.1 UTILITY SERVICES, RATES The TOWN shall provide to the LAND, water, sewer and irrigation services at the same rates, charges and fees (including development fees, other authorized fees and exactions) as charged to other users, similarly situated in TOWN, in accordance with this Agreement and Ordinances and Resolutions in effect at the time such charges are assessed. The TOWN shall insure that its utility service systems are adequate to provide necessary services to approved and developed areas within the LAND.

5.2 INSPECTIONS, LIABILITY The TOWN agrees to perform inspections in a timely manner as requested and required, and to provide appropriate assistance, in order to insure that all construction of public facilities and improvements and all construction of private improvements within the LAND meets all applicable TOWN minimum standards and design criteria. No such inspection or assistance shall pass or transfer any responsibility or liability from DEVELOPER to TOWN for workmanship or quality of the materials, for compliance with engineering or regulation requirements, or for any other liability. In other words, the TOWN makes no warranties based upon its inspections and waives no DEVELOPER liabilities thereon.

5.3 ACCEPTANCE OF PUBLIC IMPROVEMENTS AND PUBLIC LAND DEDICATION The TOWN agrees to accept and maintain all required PUBLIC IMPROVEMENTS following acceptable inspection thereof, and all dedicated public lands, parks and open space. Inspection, acceptance and maintenance thereafter of such PUBLIC IMPROVEMENTS shall in no way serve to relieve or mitigate DEVELOPER's full warranty responsibility.

5.4 APPROVAL OF PRIVATE AMENITIES The TOWN agrees to approve all required private improvements and amenities without acceptance of further responsibility thereon.

5.5 POLICE, OTHER GOVERNMENTAL SERVICES The TOWN agrees to provide to the LAND police protection and all

8607709 - 05/20/86 16:01 - RETA A. TAIN DOUGLAS CO. COLO. CLERK & RECORDER - 12/ 41
H064J - P0044 - \$123.00

other available government services to the same extent and degree as TOWN is providing to all others similarly situated in the community.

5.6 TOWN COOPERATION The TOWN agrees to fully cooperate and assist DEVELOPER in all applications, filings, permits and other actions necessary or appropriate to fulfill the conditions and requirements of this Agreement.

SECTION VI

GENERAL DEVELOPER OBLIGATIONS

6.1 COMPLIANCE The DEVELOPER understands the benefits derived from annexation to the TOWN and is therefore desirous of fulfilling all the standard and additional provisions of this Agreement. Therefore the DEVELOPER agrees that it will develop the LAND in accordance with this Agreement, all ordinances, codes and regulations of the TOWN, the minimum standards and design criteria of the TOWN, and with the Approving Documents submitted and made a part hereof.

6.2 FIRE DISTRICT DEVELOPER shall have the responsibility of making and diligently pursuing, at DEVELOPER's expense, an application for exclusion of THE LAND from the fire district in which it is now situated. TOWN will fully cooperate in this application.

SECTION VII

WATER

7.1 WET WATER POLICY Notwithstanding any provisions within this Agreement which may imply to the contrary, the

8607709 - 05/20/86 16:01 - RETA A. CRAIN DOUGLAS CO. COLO. CLERK & RECORDER - 13/ 41
PAGE 1 - P0045 \$123.00

TOWN does not own or control water or water sources for production of WET WATER for the development of the LAND. The parties therefore understand that any and all development of the LAND is absolutely dependent upon DEVELOPER providing adequate water and water sources. DEVELOPER must prove, prior to the approval of each and every plat within the LAND, that necessary WET WATER is available to the platted area through production or distribution. Except as otherwise provided herein, DEVELOPER, at the time of final platting shall deed to the TOWN and dedicate upon each final plat free and clear of all liens and encumbrances such water and water rights as are sufficient to provide a WET WATER supply to the platted property.

7.2 WATER NEEDS OF LAND

(a) The needs of the proposed uses within the LAND shall be determined by utilizing TOWN ordinances and resolutions where applicable and as in effect at the time of platting. Where a particular use is not addressed by ordinance or resolution, the TOWN shall make an administrative determination based upon available information.

(b) The DEVELOPER shall receive appropriate credit against the determined water needs based upon conservation practices which appear as final site plan and plat restrictions. The

\$123.00

amount of said credit shall initially be an assumed amount agreed upon by TOWN and DEVELOPER. Said credit shall be subject to subsequent modification as agreed upon by TOWN and DEVELOPER based upon actual consumption rates over time.

(c) No water availability requirement shall be necessary for the LAND to the extent that an approved effluent irrigation system has been installed by DEVELOPER for use thereon.

(d) Credit in the amount approved by the office of the State Engineer and/or District Water Court shall be given to the DEVELOPER against water supply requirements of the TOWN for that portion of the water produced through a TOWN approved water supply augmentation plan when the water produced can be used by the TOWN for the purpose for which it is intended under applicable regulations of the State Department of Health, as such portion directly relates to effluent and return flow water produced from the LAND and utilized in the plan. The TOWN shall diligently pursue approval of such a plan by the State Engineer and/or the District Water Court.

(e) Production of WET WATER shall be as granted by the office of the State Engineer and credit

8607709 - 05/20/86 16:01 - RETA A. CRAIN DOUGLAS CO. COLO. CLERK & RECORDER - 15/ 41 \$123.00

against water availability requirements shall be in the same amount as granted by the office of the State Engineer and/or the District Water Court.

7.3 WATER DOCUMENTS The TOWN may require any and all documentation deemed appropriate to prove availability and delivery of water, including, but not limited to, title work, drilling permits, well test reports, other available engineering data, water decrees, etc.

7.4 INFRASTRUCTURE CAPITAL IMPROVEMENTS, OVERSIZING
The TOWN shall retain the ultimate responsibility, in consideration for development fees charged and collected, to complete necessary capital plant improvements for the municipal water system including wells, pumps, treatment facilities, reservoirs and transmission lines. The DEVELOPER shall be solely responsible to build and construct, in accordance with TOWN minimum standards and design criteria, potable water delivery system infrastructure required for the LAND and to meet the needs of the LAND. Such infrastructure shall include all mains, service lines, fire hydrants, valves and connections, pump stations and any other necessary facilities for the delivery of water throughout the LAND. In the event water mains are required to be engineered and constructed which exceed 12" in diameter it shall be presumed that the first 12" shall service the LAND and shall accordingly be paid for by the DEVELOPER and that the oversizing shall be the responsibility

of TOWN. However, if the TOWN engineers determine that the oversized main has been engineered and constructed substantially to service the LAND only, then the DEVELOPER shall pay the entire cost of such line. Prior to the construction of any such line for which the TOWN is to be responsible for a portion of the cost thereof, the DEVELOPER shall secure written bids from no less than two (2) contractors for the placement of such line. Such bids are to include a breakdown of material and labor for such line in a 12" mode and in its oversized mode in order that the TOWN may determine its proportioned cost for the increased sizing which shall be determined by calculating the actual cost difference in labor and material between a 12" line and the oversized line. Such bids are to be submitted to the TOWN for analysis and approval prior to the construction of the line. Should the TOWN fail to approve or disapprove any bid in writing within fifteen (15) days of submittal, then the DEVELOPER may proceed with the bid which it deems most appropriate under the circumstances. The TOWN shall pay its portion after final inspection and acceptance of the line upon completion thereof, and within thirty (30) days following the date of submission of an appropriate statement to the TOWN from the DEVELOPER which shall include invoices and contractor billings.

R0641 - P0049 - \$123.00

7.5 CONNECTION, OWNERSHIP Based upon appropriate engineering criteria, the TOWN shall advise DEVELOPER where DEVELOPER'S infrastructure is to be attached to the TOWN's system. Once such infrastructure is engineered, constructed, inspected, approved and accepted, and connected to the TOWN's water system, it shall become solely owned by the TOWN, subject to the WARRANTY.

7.6 SEVERANCE To the extent that the LAND, at the time of the last final plat or after ninety (90%) percent build out, whichever occurs later, has an agreed upon surplus of water (total appurtenant non-tributary and/or tributary sources plus augmentation credits based upon effluent and return flows less total water requirements based upon approved uses as adjusted for irrigation reuse and conservation system implementation), the DEVELOPER shall be allowed to transfer such surplus water to other lands owned by DEVELOPER within the corporate limits of the Town of Castle Rock. DEVELOPER may transfer such surplus water to other lands not owned by him within the corporate limits of the Town of Castle Rock, but only after offering said surplus water to the Town of Castle Rock at the cash-in-lieu of water rate in effect by TOWN Resolution or Ordinance at the time of the offer. DEVELOPER shall, pursuant to the notification requirements set forth in this contract, give thirty (30) days written notice to the TOWN of his intention to sell said surplus water. In

the event TOWN desires to purchase such water, it shall give written notification to DEVELOPER of its intention to do so within such thirty (30) day period. Payment shall be made by applying credit against Development Fees to the extent of the value of such surplus water. If insufficient credits exist to pay in full for such surplus water, the TOWN shall pay the balance due, after applying such credits, to the DEVELOPER in cash within sixty (60) days of the date of said notice.

7.7 CASH IN LIEU OF WATER, CREDITS Understanding their rights and obligations contained hereinabove, the parties further agree, that under appropriate circumstances the TOWN may accept cash in lieu of WET WATER, or the parties may also make arrangements for DEVELOPER to construct capital plant improvements as an offset against WET WATER requirements or certain development fees.

SECTION VIII

IRRIGATION

8.1 IRRIGATION POLICY The TOWN has adopted a policy requiring all DEVELOPERS to utilize a three-pipe infrastructure system (water, sewer and irrigation). Such three-pipe system shall be utilized in all use areas other than residential areas. In residential areas, with TOWN approval, DEVELOPER may utilize such three-pipe system. In the event DEVELOPER

8607709 - 05/20/86 16:01 - RETA A. CRAIN DOUGLAS CO. COLO. CLERK & RECORDER - 19/ 41
#0641 - P0051 \$123.00

deems installation of said three-pipe system within any non-residential area to be technically infeasible and/or not economically justifiable, DEVELOPER shall present evidence of such infeasibility or lack of economic justification to TOWN. TOWN shall review the evidence submitted by DEVELOPER and the Board of Trustees shall make a determination either requiring or not requiring the installation of said three-pipe system.

8.2 INFRASTRUCTURE, OVERSIZING The TOWN shall construct and maintain such capital plant facilities as are necessary to provide effluent to the LAND for irrigation purposes. Such capital plant facilities shall include the necessary transmission line to transport such effluent to the boundary of the LAND. Such effluent shall be provided to users within the LAND at the same rates and connection charges as are then applicable and charged to other users similarly situated within the TOWN pursuant to ordinance or resolution of the TOWN. DEVELOPER shall be solely responsible to build and construct, in accordance with TOWN minimum standards and design criteria, all irrigation delivery system infrastructure required upon the LAND to meet the needs of those portions of the LAND which are served by an irrigation system. Such infrastructure shall include all mains, service lines, valves and connections and other necessary facilities for the delivery of irrigation effluent throughout the LAND. In the event

8607709 - 05/20/86 16:01 - RETA A. CRAIN DOUGLAS CO. COLO. CLERK & RECORDER - 20, 41

irrigation mains are required to be engineered and constructed which exceed 12" in diameter, it shall be presumed that the first 12" shall service the LAND and shall accordingly be paid for by the DEVELOPER and that the oversizing shall be the responsibility of TOWN. However, if the TOWN engineers determine that the oversized main has been engineered and constructed to service the LAND only, then the DEVELOPER shall pay the entire cost of such line. Prior to the construction of any such line for which the TOWN is to be responsible for a portion of the cost thereof, the DEVELOPER shall follow the procedures set forth in Paragraph 7.4 with regard to bids and their submission to the TOWN.

8.3 CONNECTION, OWNERSHIP It shall be the responsibility of the DEVELOPER to connect to the TOWN's irrigation water system at the point at which the TOWN's system abuts the LAND. Once the irrigation infrastructure to be constructed by DEVELOPER is engineered, constructed, inspected, approved and accepted, and connected to the TOWN's irrigation system, it shall become solely owned by the TOWN.

8.4 IRRIGATION OF PUBLIC DEDICATED LANDS DEVELOPER agrees that DEVELOPER will make such provisions as are reasonably necessary to facilitate TOWN's connection to such system for the purposes of irrigation of dedicated lands. The costs of such connection and of the internal irrigation system for the dedicated lands shall be TOWN's responsibility.

R0641 - P0053 \$123.00

8.5 TOWN RESPONSIBILITY FOR IRRIGATION SYSTEM TOWN's

responsibility to provide a reuse irrigation system and extension, and all costs associated with such system and extension, shall not result in any development fee being charged upon the LAND, either to users of the reuse irrigation system or users of the potable irrigation system, that is not being charged TOWN wide.

8.6 CREDITS Understanding their rights and obligations contained hereinabove, the parties further agree that under appropriate circumstances the TOWN and DEVELOPER may enter into an agreement whereby the DEVELOPER will construct capital plant improvements and offset certain development fees.

SECTION IX

SEWER

9.1 SEWER POLICY, INFRASTRUCTURE, OVERSIZING The TOWN shall provide and maintain such capital plant facilities as are necessary to provide sanitary sewer service to the LAND. The DEVELOPER shall be solely responsible to build and construct, in accordance with TOWN minimum standards and design criteria, all sewage collection system infrastructure required for the LAND and to meet the needs of the LAND. Such infrastructure shall include all mains, service lines, valves and connections, pump stations and other necessary facilities for the recovery of sewage from the LAND. In the event sewer mains are required to be engineered and constructed

which exceed 12" in diameter it shall be presumed that the first 12" shall service the LAND and shall accordingly be paid for by the DEVELOPER and that the oversizing shall be the responsibility of TOWN. However, if the TOWN engineers determine that the oversized main has been engineered and constructed substantially to service the LAND only, then the DEVELOPER shall pay the entire cost of such line. Prior to the construction of any such line for which the TOWN is to be responsible for a portion of the cost thereof, the DEVELOPER shall follow the procedures set forth in Paragraph 7.4 with regard to bids and their submission to the TOWN.

9.2 CONNECTION, OWNERSHIP Based upon appropriate engineering criteria, the TOWN shall advise DEVELOPER where DEVELOPER'S infrastructure is to be attached to the TOWN'S system. Once such infrastructure is engineered, constructed, inspected, approved and accepted, and connected to the TOWN'S sewer system, it shall become solely owned by the TOWN.

9.3 CREDITS Understanding their rights and obligations contained hereinabove, the parties further agree that under appropriate circumstances the TOWN and DEVELOPER may enter into an agreement whereby the DEVELOPER will construct capital plant improvements and offset certain development fees.

SECTION X

DRAINAGE

10.1 DRAINAGE POLICY The DEVELOPER understands its legal responsibilities with respect to storm water drainage on the LAND. In this regard, DEVELOPER shall submit drainage plans to the TOWN as required by the TOWN Subdivision Regulations and Standard Construction Specifications and shall build all necessary drainage structures including, but not limited to, storm sewers, detention ponds, dams, curbs and gutters, storm drains and other appurtenant structures as may be necessary to meet its obligations hereunder.

SECTION XI

STREETS

11.1 GENERAL STREET POLICY Unless otherwise specifically agreed upon in the additional provisions of this Agreement, or, at the time of approval of any Final Plat, all streets within the LAND shall be engineered and constructed in accordance with the TOWN's minimum standards and design criteria.

11.2 PRIVATE STREETS In the event that the TOWN approves certain local private streets, the requirement of sidewalks, curbs and gutters may be waived along said private streets, so long as reasonable pedestrian access is provided by a system of pedestrian and/or bike paths. Other specifications required for publicly dedicated streets may be modified or waived in TOWN's discretion.

SECTION XII

PUBLIC LAND DEDICATION

12.1 PUBLIC LAND DEDICATION POLICY It is recognized by the parties that any annexation and development to the TOWN, not only increases the burden upon public utilities and services, but also creates a substantial need for additional public lands for open space, parks, schools and other public facilities. In this regard, DEVELOPER agrees to dedicate to the TOWN at the time of final platting certain parcels of property as shown on the Preliminary Site Plan approved contemporaneously with this Agreement. Credit for all water and water rights appurtenant to such dedicated parcels shall be reserved to the DEVELOPER subject to a reduction for the WET WATER needs of the dedicated parcels.

12.2 PUBLIC IMPROVEMENT EXTENSION Except as provided in Paragraph 8.4 above, DEVELOPER shall bear the responsibility for extending utilities, streets, sidewalks, curbs, gutters, and bike paths through and adjacent to such dedicated lands as the same are located upon approved final site development plans or plats, and, where appropriate, DEVELOPER may seek recoupment in accordance with applicable TOWN Recoupment Ordinances.

12.3 SOLE REQUIREMENT Except as may be otherwise provided herein, any and all requirements for public lands within THE LAND made by TOWN, any school district or other public entity, shall be met solely from the public lands to be dedicated pursuant to this Section.

12.4 TITLE DOCUMENTS Prior to the acceptance by the TOWN of any tract or parcel of ground to be utilized for public purposes, other than streets, easements and rights-of-way, DEVELOPER shall provide TOWN with sufficient title work to show that the property is free and clear of all liens and encumbrances which might preclude the LAND from being utilized for the purposes intended by the TOWN. Upon acceptance of the conditions of title, such public property shall be deeded to TOWN by Special Warranty Deed. DEVELOPER shall retain such rights-of-way and easements as may be necessary for DEVELOPER to have access to construct utility lines, detention areas or other required PUBLIC IMPROVEMENTS under this Agreement.

SECTION XIII

PUBLIC IMPROVEMENTS &

REQUIRED PRIVATE AMENITIES

13.1 ENGINEERING, CONSTRUCTION Except as required in any other provision of this Agreement or in the Approving Documents, all PUBLIC IMPROVEMENTS shall be engineered and constructed in accordance with TOWN minimum standards and design criteria and shall be properly dedicated upon each plat or deeded to the TOWN.

13.2 SURETY The completion of all PUBLIC IMPROVEMENTS shall be insured by appropriate means as set forth by TOWN Ordinance. The TOWN may also require and/or accept performance protection upon REQUIRED PRIVATE AMENITIES.

13.3 FAILURE TO COMPLETE Where certain PUBLIC IMPROVEMENTS and REQUIRED PRIVATE AMENITIES have been required by the TOWN, until they are satisfactorily completed, the TOWN may withhold further pending permits and certificates of occupancy from the DEVELOPER. However, certificates of occupancy may be withheld only if the development of the LAND is in the last final plat or last 15% of the entire developable area.

13.4 ACCEPTANCE, WARRANTY Acceptance of all PUBLIC IMPROVEMENTS by the TOWN shall be in accordance with TOWN Ordinance and all PUBLIC IMPROVEMENTS shall thereafter be subject to a one or two year WARRANTY as set forth in Paragraph 3.7 and/or by TOWN Ordinance.

SECTION XIV

PERFORMANCE OF OBLIGATIONS - REMEDIES

14.1 DEVELOPER RELIANCE DEVELOPER is entering into this Agreement and undertaking the obligations imposed upon DEVELOPER herein in reliance upon the TOWN's concurrent approval of the DEVELOPER's Preliminary Site Plan and Planned Unit Development Ordinance. Performance of DEVELOPER's obligations hereunder is expressly conditioned upon DEVELOPER being permitted by TOWN to develop the LAND in substantial conformity with said approved Site Plan and Ordinance.

14.2 FAILURE TO APPROVE, DISCONNECTION If TOWN fails to approve the APPROVING DOCUMENTS by appropriate ordinance

or Resolution or if an initiative or referendum is passed at any time which substantially amends or alters this contract and/or any of the APPROVING DOCUMENTS, or if the TOWN through its legislative powers unilaterally substantially amends or alters the approved Preliminary Site Plan or the Planned Unit Development Ordinance, the TOWN covenants that it will not object to the OWNER disconnecting a portion or all of the LAND from the TOWN under any applicable provisions of Colorado Law, providing the TOWN has not taken action in reliance hereon to its detriment.

14.3 DEVELOPER DEFAULT In the event of default by DEVELOPER under the provisions of this Agreement, for which no surety has been posted with TOWN by DEVELOPER, TOWN reserves the right to withhold building permits, Certificates of Occupancy, or any other permits and approvals within the LAND, however, Certificates of Occupancy may be withheld only if the development of the LAND is in the last final plat or last fifteen (15%) percent of the entire developable area.

14.4 NON-EXCLUSIVE REMEDY It is understood and agreed by the parties hereto that the specific remedies provided in this Agreement are not exclusive and that the parties hereto shall have all available remedies in law or equity including but not limited to, specific performance and injunctive relief.

SECTION XV

DEVELOPER'S AGREEMENT TO PAY CERTAIN TOWN FEES

15.1 TOWN FEES DEVELOPER agrees to pay street oversizing fees as established pursuant to Castle Rock Municipal Code, Chapter 3.12, and the capital plant investment fees as established pursuant to Castle Rock Municipal Code, Chapter 3.16, as said chapters may be amended. Said Chapters 3.12 and 3.16 as amended, are incorporated herein by this reference. If for any reason these chapters are held by a court of competent jurisdiction to be invalid or unenforcible, DEVELOPER agrees that the terms of such ordinances shall remain as terms of this Agreement (pursuant to the most recent amendment thereof), and that such fees may continue to be charged by TOWN as an exaction upon the LAND pursuant to the terms of this Agreement. Further, any and all fees recovered prior to such ruling shall also be deemed to have been properly received by the TOWN as an exaction under this Agreement. It is further agreed however, that DEVELOPER, its heirs, successors or assigns shall not be required to pay such fees pursuant to this Agreement unless this provision is incorporated in all annexation contracts entered into by the TOWN subsequent to the date hereof.

SECTION XVI

DISTRICTS

16.1 DISTRICTS TOWN agrees to cooperate with DEVELOPER in the approval of such Districts as may be deemed by TOWN

and DEVELOPER to be reasonably necessary to construct or maintain PUBLIC IMPROVEMENTS, utilities or other improvements of a quasi-public nature which are not to be dedicated to TOWN.

SECTION XVII

COLORADO LAW

17.1 APPLICABLE LAW This Agreement shall be construed in accordance with the laws of the State of Colorado.

SECTION XVIII

BINDING EFFECT

18.1 PARTIES BOUND This Agreement shall be binding upon and inure to the benefit of the parties hereto, the LAND, and all successors, representatives, designees, agents and assigns of the parties, whether designated herein or otherwise as developers or sub-developers of all or any portion of the LAND.

SECTION XIX

CHANGES & ADDITIONAL PROVISIONS

19.1 CHANGES ONLY IN WRITING Any and all changes to this Agreement, in order to be mutually effective and binding upon the parties and their successors, must be in writing and duly executed by the parties hereto or their respective heirs, successors or assigns.

SECTION XX

ADDITIONAL PROVISIONS

20.1 RECOUPMENT. TOWN shall provide for recoupment of DEVELOPER'S costs in constructing offsite facilities which benefit third parties; such costs to include:

(a) Costs of easements and rights-of-way (costs of easement or fee title procurement, administrative and legal costs).

(b) Costs of roadway and drainage structure construction.

Time for such such recoupment, insofar as it relates to private persons, shall be for a period of ten years.

Recoupment will be due, from the owners of all lands annexed subsequent to the date of such amendment, on an "ability to serve" basis, rather than at the time of actual connection to, or utilization of, said improvements, with said amounts being payable, in full, at the time the first final plat is approved for any such owner. To the extent TOWN provides for recoupment of such costs by ordinance the provisions of such ordinance will control.

20.2 WELL PERMIT APPLICATIONS. While it is understood and agreed that water and water rights are to be dedicated to TOWN at time of final plat approval pursuant to the provisions of Section VII hereof, DEVELOPER agrees, that upon request of TOWN, DEVELOPER will fully cooperate with TOWN in the filing of any necessary applications for well permits to facilitate the production of such water.

20.3 WELL SITES. In the event TOWN determines that a well site or sites are required upon the LAND in locations other than those areas designated upon the approved preliminary P.U.D. Site

Plan for public dedication TOWN agrees to administratively adjust the boundaries of the such designated public land dedication areas so that an equivalent amount of land will be released from the requirement of public land dedication at a mutually agreed location.

20.4 CASH IN LIEU OF PROVISION OF WATER. It is agreed that DEVELOPER may provide cash in lieu of "wet" water to the extent water availability for approved uses upon the LAND can not be demonstrated upon the LAND pursuant to the provisions of Castle Rock Municipal Code, Chapter 13.12. Such cash in lieu of water shall be provided in the amount established by resolution for such cash in lieu of payments and shall be payable at the time of final plat approval of any plat for which water availability can not be demonstrated. With TOWN agreement DEVELOPER may pre-pay such cash-in-lieu of payments, and if a mutually satisfactory installment purchase plan is formulated, DEVELOPER may make such pre-payments in such installments. To the extent actual permitted water production from the aquifers appurtenant to the LAND either exceeds or is less than the TOWN approved water study concerning the LAND, the amount of water for which cash-in-lieu of water must be provided shall be adjusted based upon such actual production. TOWN shall not unreasonably refuse to accept such cash-in-lieu of water payments, or supply water pursuant to the provisions hereof, and shall only refuse to do so on the basis of a demonstrated water shortage.

20.5 DEDICATION TO THE TOWN. Upon final platting, DEVELOPER shall dedicate and deed to the TOWN the right to withdraw annually a sufficient portion of nontributary water to provide a water supply to the platted property; provided, that the parties understand that this provision is written in order to enable DEVELOPER to claim a tax depletion allowance. If a court of competent jurisdiction should finally decide that DEVELOPER is not entitled to a tax depletion, then DEVELOPER shall deed or dedicate the water requirement for each plat upon final platting.

20.6 ACCESS AND RIGHT-OF-WAY TOWN shall permit access from the LAND directly onto Ridge Road at a safe and convenient access point when TOWN assumes responsibility for access permitting on Ridge Road. When Miller Boulevard is constructed adjacent to the LAND, a full-movement intersection shall be granted by the TOWN onto Miller Boulevard at the approximate location shown on the preliminary site plan which is intended to be the intersection of Miller Boulevard and Mikelson Boulevard, in order that the LAND may be accessed by OWNER from Miller Boulevard via Mikelson Boulevard as shown on such plan. Until and unless Mikelson Boulevard is constructed west of Miller Boulevard, access to Miller Boulevard from the LAND shall be via a private street or driveway on the LAND located within area designated for Mikelson Boulevard on the preliminary site plan or via an off-site private street or driveway to which OWNER has use rights; provided that in either event such private driveway shall have full movement access onto Miller Boulevard at the Miller Boulevard/Mikelson Boulevard intersection shown on the preliminary site plan.

The location of the Miller Boulevard right-of-way on the preliminary site plan is a preliminary alignment, and OWNER acknowledges that the final configuration of Miller Boulevard may vary from this preliminary alignment. OWNER agrees to dedicate at the time of final plat to TOWN .62 acres of the easterly most portion of the LAND as designated on the preliminary site plan for right-of-way for Miller Boulevard. OWNER also agrees to dedicate to TOWN up to ten (10) additional feet of right-of-way along the easterly boundary of the property if necessary for Miller Boulevard right-of-way as determined by TOWN upon final engineering design of Miller Boulevard. When the final alignment of Miller Boulevard is determined, TOWN shall vacate any portion of the dedicated right-of-way on the LAND not necessary for Miller Boulevard, and adjacent sidewalks and bikeways, as determined by TOWN.

If so requested by TOWN, OWNER agrees to dedicate to TOWN the southerly 30 feet of the LAND for a public roadway. OWNER may reserve the right, both before and after the dedication, to utilize such portion of the LAND as a private driveway for access onto Ridge Road and if otherwise permitted by TOWN, Miller Boulevard, until and unless TOWN constructs street improvements within the 30 feet dedicated right-of-way.

20.7 LAND DEDICATION Public land dedication or cash in lieu thereof shall be determined at the time of final plat approval based upon applicable ordinances then in effect; provided however that OWNER shall receive a credit against the public land dedication requirement for that portion of the LAND dedicated to TOWN as right-of-way for Miller Boulevard. The parties acknowledge that

such credit against public land dedication is made by TOWN due to the following circumstances peculiar to the LAND:

(a) The use of the LAND for a church or related activities does not independently create additional demand for public recreation;

(b) Developed play and recreation areas within the LAND will be open to the public subject to such reasonable restrictions as OWNER may impose to prevent interference with church activities on the LAND; and

(c) In excess of 20% of the gross area of the LAND is subject to dedication to TOWN for public roadways. By granting this credit, TOWN does not intend to establish a general exception to established policy that dedication of right-of-way for roadways is not to be credited against public land dedication.

20.8 ROAD IMPROVEMENTS OWNER agrees to construct to TOWN'S specifications, at OWNER'S expense, or to pay TOWN for the actual cost of construction of the following off-site improvements:

(a) If required by TOWN, a southbound deceleration lane on Miller Boulevard at its intersection with the public right-of-way providing access to the LAND; provided that OWNER'S obligation shall be limited to constructing that portion of such deceleration lane adjacent to the easterly boundary of the LAND. The deceleration lane shall be constructed coincident with construction of the initial paving of Miller Boulevard.

(b) That portion of the northerly curb, gutter and sidewalk of the proposed Mikelson Boulevard fronting and adjacent to the southerly boundary of the LAND, and the northerly 14 feet (i.e.

OWNER shall construct such improvements when construction of the southerly portion of such roadway is commenced, provided OWNER may construct its portion of the roadway prior to such time, with consent of the TOWN.

OWNER shall pay to TOWN the sum of \$7,300 as OWNER'S share of the cost of construction of curb, gutter, sidewalk or bikeway and one paved lane of Miller Boulevard for a distance of 412 lineal feet, abutting the easterly boundary of the LAND. This payment shall be due either at the time the contracts are awarded for construction of such improvements or December 31, 1989, whichever occurs first.

Should construction of such improvements be undertaken by TOWN as part of a larger project, OWNER and TOWN shall determine in advance the basis for allocation of the applicable costs to OWNER. OWNER shall pay its share of such costs to TOWN within 30 days of receipt of a complete and final cost accounting from OWNER. When appropriate, OWNER may seek recoupment in accordance with applicable TOWN recoupment ordinances.

20.9 DISPOSITION OF WATER DEDICATED TO TOWN. While it is understood and agreed that water dedicated to TOWN pursuant to the provisions of Subsection 7.1, shall become part of the TOWN'S entire water supply and be subject to use at any location within the TOWN, as demand dictates, such water as is needed to fully develop the platted property for which such water was dedicated according to the

approved preliminary site plan and Ordinance No. 86-10 shall be, at all times, provided by TOWN for use within the such platted property and TOWN agrees that it will not undertake to provide water service to areas not presently being served by TOWN without regard for TOWN'S commitment to provide such water as is needed to so develop the platted property so as to insure that said quantities of water are available to DEVELOPER.

**FIRST AMENDMENT TO ANNEXATION AND DEVELOPMENT CONTRACT
BETWEEN THE TOWN OF CASTLE ROCK AND
THE AMERICAN LUTHERAN CHURCH
(Faith Lutheran Church Annexation)**

By this writing, the parties to the Annexation and Development Contract between the Town of Castle Rock and the American Faith Lutheran Church, hereby amend and modify such agreement as follows:

The second paragraph of Paragraph 20.8(b), is modified as follows:

OWNER shall pay to TOWN the sum of \$7,300 as OWNER's share of the cost of construction of curb, gutter, sidewalk or bikeway and one paved lane of Miller Boulevard for a distance of 412 lineal feet, abutting the easterly boundary of the land. OWNER agrees to pay to TOWN as a construction cost escalator, interest of five percent (5%) per year on the previously specified sum of \$7,300.00, beginning January 1, 1990, compounded annually, and continuing until such time as the above described improvements are completed. The above specified sum and all accrued interest shall be due within sixty (60) days of OWNER's receipt of written notice of TOWN's intent to award contracts for the construction of such improvements. OWNER may satisfy the payment obligation contained in this paragraph at any time by paying to the TOWN, the sum specified herein and all accrued interest as of the date of such payment.
